I.P. Pro - Web Edition

Paint Protection & Window Tint Patterns All in One

Invisible Patterns Inc. is your single source for automotive and motorcycle paint protection. With precision patterns for all current models coupled with superior film, Invisible Patterns offers a comprehensive program to keep your car or bike looking new, year after year.

Pattern files download directly to your computer and are regularly updated, ensuring that materials fit perfectly and virtually disappear once applied.

The Invisible Patterns program offers:

- Comprehensive patterns for every current car and motorcycle on the road today
- No per cut or monthly fee for paint protection film patterns
- All future uploads free of charge
- Complete access to Tint Tek 20/20 window tint patterns* - The most accurate, comprehensive tint library in North America
- Global service training with R&D Departments located in the US, UK, Italy, Germany and our new office in Australia

User friendly software allows you to:

1. Generate Point-of-Sale marketing collateral such as catalogs and brochures
2. Create customized quotes and invoices
3. Access our worldwide forum to chat with other installers
4. Cut on ANY plotter

*\$1295 yearly membership fee for unlimited access to Tint Tek 20/20 database (In combination with VentureShield® software only)

**VentureShield® film has a Lifetime Warranty against yellowing or cracking; contact Venture Tape for more information
